Dear Robin,

This responds to your letter of April 27, 2011 regarding the October Quarterly Report (07/01/2010 - 09/30/2010) for Carlineo for Congress. The identification number for this committee is C00474049.

As you correctly noted, the beginning cash balance of this October report does not equal the ending balance of the July Quarterly Report. Based upon our current investigation into this matter, we believe that this inadvertent error was due to using a corrupt or otherwise outdated data file when creating the October report, after the data transfer from the previous treasurer. It also appears that the ending balance in the July report (\$52,674.25) is correct and we have submitted an amendment to the October report which changes the beginning cash balance to \$52,674.25. As all the transactions themselves (debits and deposits) were accurate in all the reports, after making this amendment, all of the subsequent quarterly reports look correct and we are not currently aware of any other errors.

We hope this resolves the issue raised in your April 27 letter. If it does not, please do not hesitate to contact me at 215.589.2001.

Thank you.

Regards,

Gloria Carlineo, Treasurer
